The approved Bison electronic (RFID) tag is white in colour, sold in lots of "10" and can only be purchased through the Canadian Bison Association.

- Note:** 1. The Industry Development Fee (IDF) is not part of the tag price. The number of tags sold are used as the proxy to establish the IDF to be paid by the producer.
2. The RFID Tag plus the Dangle Tag are required for those wanting to ship bison to the United States for breeding or feeding. Only the RFID button tag is required for shipping animals to the US directly for slaughter. However, it is highly recommended to double tag to mitigate income loss should the other tag is lost.
