Welcome to the Wildrose Show and Sale 2017

Welcome to All attending the Bison Producers of Alberta Association, Wildrose Bison Show and Sale on March 18, 2017!

The BPA Board of Directors and staff are pleased to present for you the Wildrose Show and Sale. This is one of the largest shows and sales in the bison industry, featuring all classes of animals including a 2014 bull class newly added this year.

Now is an exciting time to be a part of the bison industry. High meat prices have turned into profits for cow-calf producers; and with a great future in sight, it is an excellent time to increase and improve your breeding herd, or to get into bison for the very first time. As bison can reproduce for many years, it is important to choose top quality breeding stock for long term success on your ranch.

This Show and Sale could not happen without all those involved. We would like to thank all those taking part of the sale today, buying or selling – and to our judges, Trevor Gompf and Nolan Miller. Also thanks to all our generous sponsors for their support, and to Vold Jones Vold Auction for hosting the auction again this year.

Happy Bidding!

Roger Van Haren

WILDROSE 2017 JUDGES

Nolan Miller, Silver Creek Bison Ranch, Binscarth, MB

Silver Creek Bison was established by Nolan's parents, Lorne and Louise, in 1988. Nolan purchased his first animals in 1992, and joined Silver Creek's operation in 1995. Nolan has been working with Bison since the age of 13, and remains devoted to the industry. Nolan and brother Jason, along with their families, have taken over the Miller farm and work jointly to manage both the grain and bison. The Millers run 1500 animals in 7 different breeding herds. Nolan is the Chairperson of the Manitoba Bison Association, Director with the Canadian Bison Association and is an active member in the following committees: Canadian National Show & Sale and Great Spirit Show & Sale. The Millers partnered with two other well-known Bison producers in 2013 hosting the annual MGM Grand Genetics Bison Sale. Nolan is a strong supporter of the industry and enjoys working along with the Associations for the betterment of the producers and the Bison.

Trevor Gompf, Bison Spirit Ranch, Oak Lake, MB

Trevor Gompf owns and operates Bison Spirit Ranch, along with his wife Jodie and their 4 sons. They will be breeding 170 females this year in 4 different herds. Trevor believes that bulls and heifers should be performance tested on whatever feed regime they are on before going into a breeding program. Combining this, and paying 110% attention to detail, will reap rewards for producers in this growing industry.

He is the proud recipient of various awards and accolades including: for the 2016 and 2017 Canadian Bull Drafts - 1st place Champion Bull, two 2nd place Bulls, one 3rd place Bull and one 5th place Bull. Trevor has also been named Canadian National Show & Sale Premier Breeder 3 times. This is Trevor's first time judging and he is looking forward to the experience.

JUDGES COMMENTS

Saturday, March 18, 9:45 a.m.

Kinsmen Community Centre

5009 - 46 Avenue, Ponoka

***Judges Nolan Miller and Trevor Gompf
will share their comments on the
Wildrose Sale animals.***

RANCH PROFILES

ALBERTA BISON RANCH

Neil Hochstein
Mayerthorpe, AB

albertabisonranch@gmail.com
Phone: 780-284-0347

Alberta Bison Ranch, located between Sangudo and Mayerthorpe, was started by Neil's grandfather, Tom Meerheimb in 1980. Tom created a strong pure Plains herd known for its original genetics and good finishing, supplying many breeders their first bison. Neil has kept the same pride in maintaining the pure Plains herd in a low stress environment, raising them on grass and hay only. He now has a herd of 200 cows – holding the same strong plains genetics from the original herd. Offspring are raised to long yearlings, as well as finishing some to supply the growing meat market. If you are looking for pure Plains Bison that give results that stand, this is your chance.

BACKWOODS BUFFALO RANCH

Chad & Laurie Trigg
Mayerthorpe, AB

laurielola@hotmail.com
Phone : 780-305-9253

Backwoods Buffalo Ranch, located south of Mayerthorpe, AB was established in 2013 by Chad & Laurie Trigg. Backwoods is home to a small but growing herd of pure plains bison, originating from the Alberta Bison Ranch (owned by Neil Hochstein). Chad and Laurie are striving to bring meaning to the saying "know your farmer, know your food" while building their ranch from the soil up. All livestock raised at Backwoods are accustomed to roaming the fields in their natural, low-stress environment. Raising Bison was a 'given' for Chad and Laurie, who live a free-range lifestyle connected to nature through their northern Alberta prairie soil and strong agricultural roots.

BEAUDOIN RANCH

Murray & Kari Beaudoin
Red Deer County, AB

kbeaudoin1@hotmail.com
Phone : 403-277-1208

Murray and Kari bought their first bison in 1995 when they lived in east-central Alberta, and now operate a modest ranch just east of Innisfail. The small herd is still growing with an emphasis on quality over quantity. We continually select for traits that are important to the bottom line: fertility, growth and productivity, carcass characteristics – while striving to maintain the self-sufficient characteristics that attracted us to bison in the first place. Our replacement heifers are raised right alongside the mature cows and graze without supplemental feed until the beginning of March. The females are never fed grain, pellets, or other feed concentrates. Those that do not thrive under this system and produce a quality calf each year are culled – No Exceptions.

BIG COUNTRY BISON

Garry, Derek & Chris Shankowsky
Pelly, SK

shakor@sasktel.net
Phone : 306-542-7951

Our Bison herd was started in 1996 with the purchase of ten Heifer Calves from the Schwitzer's ranch in Melville, SK. That number has now grown to 180 females in four separate herds. We are continuously improving the quality of our herd by making select purchases of top quality breeding stock, and meticulously selecting females out of our own herd. We are both proud and excited to be involved in the bison industry, and see a very bright future for this industry in the upcoming years.

BISON COULEE CONTRACTING

Brian & Amanda Newton
Trochu, AB

apainter99@hotmail.com
Phone: 403-442-3193

Bison Coulee Contracting started as Rumsey Game Farm, with Brian and Amanda Newton taking over operations in 2007. What started as a hobby with around 25 cows has grown into 125 cows with two separate herds, and a small finishing operation. Our animals have a strong woods influence as most of our bulls are either pure woods or woods cross. We have chosen our cows and replacement heifers on strength, confirmation, and appearance – as in just plain prettiness. The Breeding Bull that we chose to bring to this sale would make a strong herd stronger, and would fit anywhere. Thank you to all attendees.

BLACK STONE BISON

Blair & Kathleen Majeau
Gunn, AB

willowelk@hotmail.com
Phone: 780-967-2284

Black Stone Bison, located north of Rich Valley AB, has been raising bison for over 22 years. Our main focus is maintaining a strong and healthy closed herd with the best genetics in the industry, as well as careful planning of pasture and hay management to sustain an organic environment. We are committed to building and retaining a quality herd to keep pace with the consumer demand for lean nutritious meat. We are excited about the bison industry, and think the future will be incredibly bright for years to come. Black Stone is offering two Open Heifers in the Sale, selected from the top females in our herd with strong values in disposition, temperament and mothering qualities. We are also offering two Breeding Bulls with great genetics – considered in their selection was disposition, conformation, temperament, rate of gain and soundness. These Bulls will get the job done!

BUCK LAKE BISON RANCH

Harvey & Doreen Foss
Buck Lake, AB

blbison@hotmail.com
Phone: 780-388-3008

Buck Lake Bison Ranch purchased their first 6 heifers - Blackjack offspring - from Buffalo Hill Ranch in 1994. Their goal, to build a quality Plains Bison Herd with Plains Bison genetics, has been accomplished through select purchases at various sales. Their current herd sires are the 2013 Wild Rose Show & Sale Reserve Grand Champion from MFL Ranches (Dick & Karina Staudinger) and 2014 Wild Rose Show & Sale Grand Champion from XY Bison Ranch (Bill & Fay Bouffieux and Sandy Busche), with each presiding over their own 15 cow herds. All cows have been blood-typed and registered with the NABR with the goal to maintain a herd of select Plains Bison genetics. The breeding program at Buck Lake Bison has proven its excellence over the years with many awards at shows including the Gold Trophy (Denver), Canadian National (Regina), and Wildrose (Camrose, Ponoka, and Red Deer).

CRAMER FARM

Rob & Dawn Cramer
Barrhead, AB

jk_cramer@yahoo.ca
Phone: 780-785-3245

Cramer Farm is located 40 miles west of Barrhead in a small community called Moose Wallow. We started raising Bison in 2002 with 15 bred pure Plains Heifers purchased from Tom Meerheimb at Sangudo and 6 Wood X yearling Heifers from Ken Olson of Fort Assiniboine. Our next purchase was a Plains Breeding Bull in 2003 from Norm Moore at Alder Flats. From this solid foundation of stock we have grown our herd to 50 cows. In 2014 we added a Woods Breeding Bull purchased from Leo and Rita Schmaus. We have been finishing our animals to supply the growing meat market, but decided to offer our top three of both our Bull Calves and Heifer Calves for the Wildrose Sale – they will be a great addition to any herd.

ELK VALLEY RANCHES

Frank & Neil McAllister
Kitscoty, AB

Phone: 780-846-2980
bisonman.nm@gmail.com

Today Elk Valley Ranches maintains a select group of 100 breeding female Bison weighing from 1200 – 1500 lbs, maintained on a grass based diet. We also run our two other herds bis 1 consisting of 220 Bison cows ranging from 1000–1300 lbs, and bis 2 consisting of 200 Bison cows also ranging from 1000–1300 lbs. They are flushed on lush grass pasture. This year we have started a new herd consisting of 80 of our best young stock. They MUST produce on a grass based diet to meet our breeding stock criteria. We sell approximately 100 bred heifers each year, with every female sold pregnancy tested. We also sell 40 semen-tested herdsire Bison Bulls each year off the farm. Most of our best animals go to our MGM Grand Sale held in February, but if you missed that sale - the two 2014 Breeding Bulls here for the Wildrose will give you an excellent opportunity to improve your herd genetics.

HGB BISON

George & Heather Briggs
Olds, AB

hgb.bison@gmail.com
Phone: 403-559-7739

HGB Bison Ranch is located two miles south of Olds, AB on Hwy 2A. We have been raising bison since 1996. Our foundation stock now consists of 70 Durham Ranch / HGB Cows and a battery of pure Woods Breeding Bulls from the ranches of Hanging Ice, Irish Creek and HGB Bison. Year over year, through learning and management practice our calving rates continue to increase to 95% - 100%. The characteristics we have developed in our bison through stress-free management is a herd that is quiet and non-aggressive. Our 2015-2016 average weaning weights of bulls coming off grass was 600 lbs and the heifers averaged 510 lbs. We wish everyone here a successful Wildrose Show & Sale!

IRISH CREEK BISON

Justin & Shaelyn Dorey
Vermilion, AB

irishcreekbison@gmail.com
Phone : 780-581-3025

Irish Creek Bison Ranch is located 35 miles North of Vermilion. Irish Creek Bison has grown to be 4 distinct herds: Woods, Plains, and 2 Wood Cross herds – and is now incorporating a bred 2 herd (to be sold annually). Currently there are 350 females to be bred. Justin and Shaelyn Dorey are now the second generation on the Ranch and remain focused on raising quality stock. Every year Irish Creek Bison produces consistent, quality breeding stock - please call or visit anytime to discuss bison.

RUSTIC HILLS BISON RANCH

Blair & Sheri Welter
Plunkett, SK

sbwelter@sasktel.net
Phone : 306-231-9980

Rustic Hills Bison Ranch is located 100 km east of Saskatoon, near Plunkett, SK. Blair, his wife Sheri and their three children began their bison operation in 2001 with a strong pure Plains herd. In 2014 they diversified by adding Woods Cross Heifers, increasing their cow herd to 70 (with a calving rate of 96-97%), and adding four Breeding Bulls from Wolverine Bison Company. The top Bull is sire to the Two-Year-Old Reserve Grand Champion Bull in Denver in 2016. The bred Heifers we are offering at the Wildrose were chosen from over 60 bred Heifers in our top quality herd.

SANDSTONE BISON RANCH

Orin & Nancy Sand
Hondo, AB

onsand@telus.net
Phone : 780-849-0466

Sandstone Bison Ranch is located between Athabasca and Lesser Slave Lake, just off the Athabasca River. We started with 28 hand-picked cows and two bulls purchased from Tom Meerheimb in November of 2000. Since then we have added strong genetics to our breeding program with bulls from Frost Hills, Smoky Lake and Irish Creek Bison farms. Our cows are culled regularly to maintain a strong and healthy herd with an annual calving rate of 95%. We wean in early January, record weights, vaccinate/ivomec and let them settle into a stress-free environment. The calves are given hay bales of timothy/brome/alfalfa mixture along with free choice Hi-Pro 13% bison ration. Prior to weaning the calves are on free choice hay only (no rations/grains). We practice rotational grazing and do not believe in using growth hormones, stimulants, or antibiotics. In our breeding program we focus on disposition, calving percentages, strong body confirmation with a dark influence. This is our first time entering the sales ring and we are excited to be joining the Wildrose Sale !

ALBERTA BISON RANCH

Since 1980

Introduce your ranch with a herd that has the strongest original genetics of pure plains for good finishing and strong breeding, coming from a ready-to-go diet of green grass and open pastures.

Neil Hochstein

780.284.0347

www.albertabison.ca

Mayerthorpe, AB

TAYLOR BISON

Bev Taylor
Two Hills, AB

tayl245@telusplanet.net
Phone : 780-603-0742

Taylor Bison is owned and operated by Bev Taylor. The ranch is located ten miles south of Two Hills, just off Hwy 36. My present herd consists of 57 cows and three herd bulls. The present bulls – one is $\frac{3}{4}$ Plains, one is $\frac{1}{2}$ Woods, and one is $\frac{3}{4}$ Woods – were acquired from Beldon Bison Ranch, Nipawin, SK. Previous herd sires have included bulls from Irish Creek Bison, Beaver Creek Wood Bison, and RJ Game Farm (Ryan Clark). My cows are Plains and Wood Cross. I put great value in the disposition of the herd, if unwarranted aggression is noted, those animals are removed (bound for the freezer). I have received numerous awards including Gold & Bronze at Wildrose 2016, Bronze at Great Spirit Show & Sale 2014, Silver and Rookie of the Year at CNBSS-Agribition and at the SBA Show & Sales – Gold for Pen of 3 Heifer Calves, Bronze and Gold Bull Calves 2012, and Reserve Champion for Pen of Heifers.

WOLF LAKE RANCH

Perry & Sandra Erickson
Bonnyville, AB

Phone : 780-826-5584

Wolf Lake Ranch is located north-west of Bonnyville, 10 miles north of Hwy 55 along Wolf Lake Campsite Road. The farm was started in 1929, with the first nine Bison purchased in 1995. We now have 180 cows – some Plains, some Woods X, and some pure Woods - with a great influence of Irish Creek Bison genetics. Offspring are raised to yearlings, monitored for those with a disposition for good breeding stock and development for the growing meat market.
